

WHAT TO WRITE IN MY CV IF I DO NOT HAVE WORK EXPERIENCE?

SCHOOL

I could be team projects, competition or school companies in high school followed by experience gained during your university study - working on your final thesis with a company, helping on your faculty or again team projects.

VOLUNTEERING

Tutoring, internships in a non-profit organization, a youth worker in leisure activities for children. You can learn so much from volunteering!

STUDENT ORGANIZATIONS

Do you know that you can become a member of IAESTE, ISC or other student clubs? It is a unique chance to try how it would to communicate with companies, organize career fairs or maintain an organizations budget.

CONFERENCES, COURSES AND PROJECTS

Do you attend interesting conferences? Have you found an online course that would deepen your skills? Do you have your own personal blog? Perfect! Another big plus for your CV.
